EAT LESS MEAT IF BACK HURTS

Take a glass of Salts to flush kid-
neys if bladder bothers you—
Drink lots of water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation. The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water-drink which millions of men and women take every day and then keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

TO DARKEN HAIR APPLY SAGE TEA

A few applications of Sage Tea and Sulphur brings back its vigor, color, gloss and thickness.

Common garden sage brewed into a heavy tea with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant, remove every bit of dandruff, stop scalp itching and falling hair. Just a few applications will prove a revelation if your hair is fading, gray or dry scraggly and thin. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

ORGANIZED IN THIS CITY IN
SHOE STORE MORE THAN
25 YEARS AGO.

Will Hold Special Services During
Month of December In Old Welsh
Church, Elmwood Avenue.

More than twenty-five years ago a class of Berean Bible Students, known now as the International Bible Students' Association (I. B. S. A.) or Associated Bible Students, was formed in Newark, O., studying according to the light thrown on the Scriptures by C. T. Russell, who is now well known among Bible Students of every kind and creed the world over.

This little band first met in a shoe shop in the location where the fine three story Y. M. C. A. building is now situated. Besides John Tyhurst (the shoemaker) were J. R. Elliott and our late beloved brother, William Christian, Messrs. Levi Parker, and George Kneupper, still residing in Newark, are members of long association with the Newark class.

After starting a study of the Bible in the shoe shop, the class moved to a room in Professor Beener's Business college on South Third street.

I. B. S. A. CHURCH.

after which, for a time meetings were held at private residences, then later moving to rooms in basement of court house, where meetings have been held for years until October 1st (Mat. 8-24.)

This Ecclesia has had no regular preaching services, lectures or discussions until shortly before moving into the little church above pictured, which is located in Elmwood avenue, near Locust, but a few steps from the street car line.

Having no other desire but the dissemination of the truth taught in the Bible, and the making of our calling and election sure, we have arranged for special services during the month of December in order that all who desire may know fully just what we understand the Bible to teach, and to become familiar with our meeting place, which is quite central, and find that you are well.

SYMPTOMS OF DEBILITY

People who are tired all of the time and never feel rested even after a long night in bed, who cannot regain weight and strength, whose step lacks elasticity and who feel no joy in living, are debilitated.

A medical examination might easily show that every organ of the body is acting normally but the pallor of the face will usually show that the blood is thin. This is the root of the trouble.

Debility is a loss of vitality, not affecting any one part of the body but the system generally. The blood goes to every part of the body and the use of a blood tonic like Dr. Williams' Pink Pills quickly tones up the system. The first sign of returning health is a better appetite, improved digestion, a quicker step, brighter eyes, better color in the cheeks. The rich, red blood, reaching every organ and muscle, carries renewed health and vigor. The nerves are quieted, sleep becomes more refreshing and with persistent treatment and proper living the debilitated patient is once more enabled to enjoy life.

Two useful books, "Building Up the Blood" and "What to Eat" will be sent free on request by the Dr. Williams' Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills.

come to any and all meetings without money and without price.

The class will continue to have public lectures at 3 o'clock every Sunday afternoon in the old Welsh church building, and a change, or different speaker each following Sunday throughout the winter, Providence permitting.

There will be services three times each Sunday, regularly, as follows: Berean Study—10 o'clock a. m. Berean Study—1:45 o'clock p. m. Discourse—3 o'clock p. m.

At present studying "The Kingdoms of This World" at 10 a. m. "The Time of the End" at 1:45 p. m.

Special—December program (to close year.)—First Sunday, December 5th, discourse by Dr. H. R. Emery, Newark, at which time (3 p. m.) Dr. Emery will answer the Rev. Dr. Sparks' sermon on "Russellism" and the series which followed "Where Are the Dead?" "This Gospel Age" and "The Millennium" delivered recently in the First Methodist Episcopal church.

Second Sunday, Dec. 12—C. B. Shull, Columbus. "Where Are the Dead?"

Third Sunday, Dec. 19—Dr. J. E. Campbell, Crooksville. "This Gospel Age."

Fourth Sunday, Dec. 26—Ralph W. Hull, Crooksville. "The Millennium."

Everybody welcome to every and all meetings. Everything free all the time and no collection at any time. All ministers of the Gospel especially invited. SECRETARY.

German Fur Dealer of Columbus,
Despondent Over European War,
Fires Bullets Into His Brain.

(Associated Press Telegram)

Columbus, O., Dec. 3.—Despondent because of his inability to hear from his relatives in Germany since the war began Henry Kempke, 78, a wealthy fur dealer of this city, committed suicide early today. He fired three bullets from a revolver into his brain. Kempke was one of the wealthiest German-Americans in this city. Throughout his long residence in this country he had kept up a close correspondence with near relatives in the Fatherland. When the war came on communication with them was impossible and he had brooded over his failure to get any tidings from them.

Kempke was born in Germany but spent many years in Brussels, Belgium, where he reared his family. His wife died some time ago but several of his children are living in foreign countries.

PHOTOGRAPH

OF SOLDIER HUSBAND TO BE
BURIED WITH AGED WOMAN
OF WILKIN RUN

Although Married Second Time
Never Forgot Hero of Her
Youth Who Left for War.

The request of Mrs. Harriet Beene, 81 years old, that the photograph of her soldier husband, William Jones, be buried with her will be followed out by friends. Mrs. Beene was found dead in bed this morning at the home of William McLaughlin, on the Wilkin Run road, where she had made her home for years. Coroner W. L. Jackson who was called, pronounced death due to lingering consumption, from which the woman had suffered for many years.

Early in the civil war, Mrs. Beene's first husband, William Jones, enlisted in the volunteer service, being assigned to Company D, of the 76th regiment. He left with his regiment which participated in some of the hottest engagements of the conflict. He was never heard from after he left Newark.

Later, Mrs. Beene was married to her second husband, but she continued to think of her soldier husband who never returned from battle. She frequently requested that upon her death, it was her desire that his picture be buried with her. She was a native of Licking county, having been born in August, 1834. She has resided all her life in this county. One son, Fuller Beene survives.

Funeral services will be held Sunday morning at 1 o'clock at the Wilkin Run school house. Burial in the Barnes cemetery.

Dropsy Treated Free

By Dr. Miles, the Great Specialist, Who
Sends a New \$3.75 Treatment Free
Many Cured After Others Failed.

At first no disease is apparently more harmless than dropsy; a little swelling of the eyelids, hands, feet, ankles or abdomen. Finally there is great shortness of breath, cough, faint spells, sometimes nausea and vomiting, even bursting of the limbs and a lingering wretched death if the dropsy is not removed.

Dr. Miles has been known as a leading specialist in these diseases for 20 years. His liberal offer of a \$3.75 Treatment free to all sufferers, is certainly worthy of serious consideration. You may never have such an opportunity again.

The Grand Dropsy Treatment consists of four dropsy remedies in one, also Tonic Tablets and Pura-Laxa for removing the water. This treatment is specially prepared for each patient and is three times as successful as that of most physicians. It usually relieves the first day, and removes swelling in six days in most cases. Delay is dangerous.

Keep Your Hair In Good Condition

The care of the hair begins with the care of the hair brush and comb. These must positively be kept antiseptically clean and the cheapest, most effective way is to wash them in warm water, to which a liberal amount of 20 Mule Team Powdered Boric has been added.

Then frequent shampoos in which a very liberal amount of 20 Mule Team Powdered Boric is used with any good, white soap or shampoo preparation. You will be rid of dandruff and that means that the condition of your hair will inevitably improve.

Buy 20 Mule Team Powdered Boric from your druggist and ask him to recommend some suitable soap.

WINS THE WAGER IN PRONOUNCING "TANLAC"

BUT WHAT'S THE ODDS IF MASTER MEDICINE BRINGS RELIEF TO AFFLICTED?

Many Testify As to Its Wonderful Effect in Many Diseases.

From a nearby Ohio town comes a letter bringing the following inquiry:

"How do you pronounce Tanlac?" The writer goes on to say, "My wife and myself have had an argument as to the pronunciation of Tanlac. I have been calling it Tan(a)lac, while my wife says she knows it is Tan-lac. We have a wager on it so please let me know who wins." The lady is correct, it is plain, Tanlac and not "Tanalac" "Tanelrac" or "Tanlack," but it does not make much difference how it is pronounced so far as its wonderful effects are concerned. There is nothing else out of the world like Tanlac—it comes out of the earth and every drop of it is health-giving, pain-banishing and vigor-injecting. It contains no mineral substances. It aids disorders of the stomach, liver, kidneys and blood. It benefits those afflicted with catarrh, rheumatism, sleeplessness, coughs, colds, &c., and is the Master Medicine of the age and has a larger sale where introduced than any other preparation. Talk with the Tanlac man at Frank D. Hall's drug store and with those in Zanesville who have tried it and who swear by its goodness in the ailments referred to. Joseph M. Spear says: "I've been greatly benefitted by Tanlac in severe cases of catarrh and stomach trouble." Mrs. James Terry, Marietta Road, says: "It relieved my stomach trouble and drove from me great pains in side and back."

Mrs. Maggie Leonard, daughter of Mrs. Terry, says: "It relieved me of a miserable case of catarrh." Leonard Miller, 803 Monroe street, says: "It knocks the pains out of my stomach, sides and back—I now sleep like a baby and feel like a kid." Mrs. Walter McKelvey, 213 Lee street, says: "It brought great relief to me when everything else failed—put an end to pains in my sides and back and gave me an enormous appetite." John Scherer, 54 Fell street says: "In my judgment it is a great medicine—it has helped me and I recommend it." Hundreds of others in Zanesville have been relieved or greatly benefitted by Tanlac, the Master Medicine and we not only request, but urge those who are ill to consult those whose ailments were similar and who have found relief.

DECISION IS TO BE GIVEN IN FEW DAYS

**SAFETY DIRECTOR HEARS
CHARGES OF GROSS IMMOR-
ALITY AGAINST HAGER**

Testimony Differs Little from That
Offered in Trial of Case in Com-
mon Pleas Court.

Safety Director Dayton this morning heard testimony in the case against Police Captain Charles Hager suspended Nov. 20, on charges of gross immorality preferred by Watson C. Seward, city councilman, and who is now under suspension by Police Chief Sheridan with whom the charges were filed. At the conclusion of the testimony and brief arguments by counsel, Director Dayton announced that his decision would be given in the next few days.

The case was prosecuted by City Solicitor Ralph Norpell and Captain Hager was represented by Attorneys L. C. Russell and J. H. Fitzgerald. The testimony offered in support of the charges differed but little before a jury on an indictment returned by the September grand jury.

The testimony of Lulu Swartz, telephone operator, who was the prosecuting witness against the accused in the court case, was submitted to Director Dayton, having been transcribed from the notes of the court stenographer.

Several of the other witnesses testified in person, though there was frequent reference to the testimony given by these same witnesses in the court trial.

The only witness for the defense, beside Captain Hager, was Police Chief Sheridan who told the director that as far as he knew the lock on the door between the main office and the operator's room had never been tampered with. It had been testified to in the former trial that the lock had been "fixed" so it would not work.

Hager testified in his own behalf, denying any wrong doing or any intention of wrong doing.

In yesterday's account of the charges being brought against Hager it was stated that the charges were filed Oct. 26. This was a typographical error. The charges were filed Nov. 20, but owing to the absence of the safety director, the captain was not suspended until this week.

STEAMSHIP

(Continued from Page 1.)
chartering the ships and furnishing them with supplies.

They did not contend that an offense against the neutrality of the United States had been committed by sending out the ships but that the officials of the Hamburg-American line had guilty knowledge of the facts that the custom houses in the United States were deceived and defrauded into issuing clearance papers for the ships on false statements.

The inference ran broadly all through the trial that Captain Boyd-Ed too, was cognizant of the offenses which the government charged and in the early days of the trial his name was frequently mentioned in open court by the government prosecutors. Finally the state department here suddenly intervened and cautioned the officials of the judicial arm of the government that unless they expected to indict Captain Boyd-Ed for the offenses charged, the language employed by prosecutors should be avoided for the reason it might endanger the friendly relations between the United States and Germany.

The German embassy manifested to the state department its displeasure with features of the trial in New York which reflected upon the character of officials not under charges. The state department in turn indicated that it could not permit any action of the department of justice to bind it to any particular course toward any foreign diplomatic official. With the conviction of the Hamburg-American line officials, however, the situation became one where a jury had given a verdict holding to be illegal certain operations in connection with which the German naval attaché was generally accredited with having been connected, and the usual an officer as ended and his further presence as objectionable.

In the case of minor officials of an embassy such as Captain Boyd-Ed the government does not ask for a recall, for that is quite outside of its power. The usual course is to indicate to the head of the embassy in this case Count von Bernstorff, that the offending attaché in persona non grata, and nothing remains for the ambassador but to sever his connection with the embassy.

NO DELAY IN DELIVERY OF STEEL ORDER

(ASSOCIATED PRESS TELEGRAM)
Washington, Dec. 3.—There will be no delay in delivery of steel for battleships Nos. 43 and 44 if the government undertakes their construction in navy yards. Bids from eleven steel companies, opened today at the navy department all offered to begin delivery within six months and complete it within two years. Prices show an apparent increase of from 30 to 40 percent over material purchased for the battleship California over a year ago.

Secretary Daniels sought direct bids from the companies to verify the yard figures and also in order to get the proposals in such shape that pending contracts could be made. The Carnegie Steel company apparently was the lowest bidder for the majority of the steel needed which runs into many millions of pounds.

Private bidders for the two ships indicated there would be delay in deliveries of steel and conditioned their proposals on this circumstance. All private bids were rejected as exceeding the \$7,000,000 limit, cost fixed by congress. All navy yard estimates were well below that figure.

It will take a careful study of the steel bids to show if they are similar to estimates supplied by the steel companies to the navy yards and upon which the yard figures were prepared.

GROCER LEAVES TO BUY STOCK; DOESN'T RETURN

A petition filed in common pleas court this morning revealed the fact that Thomas Mullenix, a grocer, in North Fourth street, left the city November 22 and hasn't returned. The petition avers that he left with the intention of purchasing goods in Columbus and that nothing has been heard from him since. Mrs. Sarah Mullenix, the petitioner, states that the defendant is indebted to her to the extent of \$700, and that there is due Baker Brothers of Zanesville the sum of \$250. She asks that a receiver be appointed to take charge of the stock and dispose of it, the proceeds be applied to the indebtedness.

"TANNY" VISITS FRIENDS; IS NOW A WEATHER SHARP

Ivan T. Tannehill, graduate of Denison University, former editor of The Denisonian and former employee of The Advocate, reporterial staff, was a visitor in Newark today. He has been spending a short vacation with his parents at Granville. Tannehill is now a weather "sharp" in Uncle Sam's service, being stationed at Galveston, Tex. He was one of the three heroes recognized by a San Antonio paper for their service during the big storm a few months ago. Tannehill modestly denies the charge of heroism. He says the storm caught him on the floor of a skyscraper and that he had no opportunity to escape. With his companions he was a prisoner for several days with but little food upon which to subsist.

INSPIRING MEETING LAST EVENING AT CENTRAL CHURCH

Another large audience, an inspiring meeting, and one more addition to the church is the record for last evening, at the Central Church of Christ. Evangelist Brown preached one of the best sermons of the series to date. His subject was: "What Must I Preach to Be Saved?" Frequently a minister tells the people what they must do to be saved; but it is not common for a preacher to discuss frankly the things that he must preach in order to save his own soul. The evangelist made known his own conception of the seriousness of the task of preaching. He told how the burden of souls weighed upon him constantly. He said that he tried to preach, not only as if Christ were present once, or might happen to be sitting among the listeners, but realizing that He is, in every truth, present all of the time. Among the things that a minister must preach, in order to be saved, he mentioned faith, penitence, confession of the name of Christ before men, and Christian baptism, and godly living. He closed by declaring that a preacher must not only

mans must be charged and surcharged with the love of God. There will be baptism again this evening, at the beginning of the meeting, 7:30. Those who wish to be baptized should be at the Church not later than 7:15. Mr. Brown's subject this evening will be: "Jesus the Sinner's Friend." Another, most interesting feature of the meeting this evening will be the drill by the Junior Chorus. You will be instructed by it, as well as entertained. Sunday will, without doubt, be another great day. It is expected that there will be a large Bible school attendance at 9:15, and a great preaching service immediately following. Evangelist Brown will preach in the morning on the subject: "An Old Man's Reminiscence." At 3 o'clock in the afternoon, there will be two, simultaneous, mass meetings, one for men and one for women. The men's meeting will be under the auspices of the Christian men's Union of the city, and will be addressed by Mr. Brown on the subject, "A Lap-Sided Man." Mrs. Brown, wife of the evangelist, will speak to the women on the subject, "A Woman's Opportunity." All of the women, and all of the men as well, of the city and vicinity are cordially invited to these meetings. In the evening, at 7 o'clock, the evangelist's subject will be: "Conversion," or "Heart-felt Religion."

ESTABLISHED IN 1820

Entered as Second Class Matter March 10, 1882, at the Postoffice at Newark, Ohio, under Act of March 4, 1879.

The American idea of "A place in the sun" seems to be the front row at the football game.

A large force of secret agents is proving highly successful in causing accidental explosions in the war supply factories.

The Congressmen are enthusiastically supporting Preparedness by working for war supply contracts for their own districts.

The fighters of Europe seem to think they are entitled to credit for giving neutrals an easy and comfortable death by drowning.

The report is denied that the colleges all had agreed to adjourn at the close of the football season until baseball opens in the spring.

Bowling is again all the rage, and it's a wonderful game for skill when the pins all go down, and an accused one for luck when the ball merely cuts through.

The popular idea of Preparedness for Christmas consists in going out on a shopping trip the day before the holiday when every clerk has about 17 people to wait on all the time.

Some one asks what has become of the man who used to make it a practice to walk ten miles a day. Well, probably he has just about now telephoned for his automobile to take him a half mile to the office.

Naming the committee to represent the state at the meeting of the Federation of Church Councils of America at Columbus next week Governor Willis ignored all except members of his own political party, though on Dec. 10 President Wilson is to be the guest of honor. Narrow partisanship seems to rule the every action of Governor Willis.

Medical Examination Day.

The alleged Chinese custom of using the doctor to keep people well, instead of waiting until they are stricken with illness before calling for his services, is making marked headway in the United States.

The latest practical suggestion in this line is the naming of December 8 as National Medical Examination Day. This idea is being urged by the Anti-Tuberculosis Associations and also by the Life Extension Institute, with which former President Taft, General Gorgas, Prof. Irving Fisher, Alexander Graham Bell, and others well known, are identified.

The death rate from tuberculosis has declined nearly fifty per cent. in thirty years.

The hope is to popularize a method of prevention which thousands have already found not only one of the best ways of preventing illness, but of raising and maintaining the standard of health and efficiency. This relates not only to individuals, but to employers. In the case of factories, stores and offices, Medical Examination Day would be an appropriate time for employers to

Will They Vote for War?

(New York World.)

When the Republican leaders in Congress begin their much-advertised attack on the President's foreign policies, what do they intend to offer?

They complain that the President's diplomacy has been contented with words when action was required. Action means war. Will the Republicans demand war?

The Constitution of the United States vests in Congress the power to declare war. Any member of Congress is within his constitutional rights when he introduces a resolution declaring war against any country with which the United States has a quarrel, or, for that matter, with which the United States has no quarrel. There are no constitutional limitations or restrictions upon this sovereign power of declaring war, which belongs to Congress and to Congress alone. No President may curb it or interfere with it.

Does any Republican member of Congress purpose to introduce a resolution declaring that the United States is at war with Germany or Great Britain or Turkey or Mexico? Unless he is prepared to do this, upon what grounds can he criticize the President's foreign policy?

Ford's Motley Crew.

(Philadelphia Record.)

We have to thank our distinguished fellow-townsmen, Mr. John Wamamaker, for a very happy and apt characterization of Henry Ford's Quixotic peace project. Inasmuch as Mr. Wamamaker was strongly urged by the Detroit millionaire to become one of his party no charge of sour

grapes can be laid against him, and he speaks disinterestedly and simply as an American citizen. After stating that Ford had "a mission, a generous heart and a fat pocketbook, but no plan to stop the war," he added:

I said to him: "You are a manufacturer; I am a shopkeeper; another member of your party is an author; a fourth has no profession or business, and so on, and so on. When we get across the water we couldn't get a door to open in Downing Street, at Potsdam, or in the Wilhelmstrasse. There must be the Government behind this peace movement. Why don't you buy the ship outright and give it to President Wilson and let him use it when the opportunity arises to make such a step in the interests of peace?"

Mr. Wamamaker might have added to his description of the members of this remarkable peace mission. So far as the public knows, some are fakers, others busybodies, still others dreamers, and some nondescripts. How much a body, without credentials or office standing, hopes to do anything except excite laughter and ridicule passes comprehension. It is reassuring to learn that in England and France, while the project arouses indignation, it is taken no more seriously than it is here. In all the awful tragedy of the war it is the one humorous feature that has so far developed.

Rippling Rhymes

Sunshine.

Oh, let us wear the cheerful grin, and mugs that shine like new made tin, when we are paying taxes; 'tis customary then to scowl, and lean against a fence and howl, and brandish battle-axes. But all our howling doesn't help, nor does our protest, groan or yelp, we must dig up the roubles; the treasurer rakes in the dust, and doesn't notice our disgust, or care about our troubles. And since it doesn't pay to roar, what is the use of acting sore as though bereft of senses? Why not produce our little rolls, and say it warms our hearts and souls, to help to pay expenses? 'Twere better far to sing and smile, as we cough up our meagre pile, to keep the wheels a-turning; 'twill help us on a future day, when, in the good old-fashioned way, for rustic Trusts we're yearning. Some day to make your store increase, you'll run for justice of the peace, or something of that nature, or you may higher yet aspire, and through the press voice your desire to join the legislature. Then, if you always raised a bawl, when paying taxes in the fall, the story will recount you; you'll see true patriots arise to dot you one between the eyes, and flash their knives around you.

In the Christmas Shop

SHE was six if she was a day. She had a little fat back in a little black coat, and her wisps of red hair matched her red tam-o'-shanter. In her firm hand she held a struggling boy about a year younger, and they were getting into the elevator at a big department store and making for the toys.

The Woman Who Saw had a like destination, and when the floor was reached they got out together. Children are not allowed unaccompanied—guardians in most large shops, but she was her air of responsibility, of decorum, that it would have been a bold floor-walker who dared to question her.

Nor evidently was it her first visit. The boy, still held in leash, ran in front and made straight for the space devoted to Santa Claus, his reindeer and his sleigh piled with toys.

There was a background of fir and cedar and a huge Christmas tree, but the pair sat down before the fascinating old fellow in his red robe, his long

white beard, holding his big whip, and from his face the small boy did not turn.

Across the room was a creche; also a wonderful and beautiful thing—the infant Jesus in the manger, the mother in her blue robes, St. Joseph with his staff, the three kings resplendent.

The children had been perfectly still for fifteen minutes looking at Santa Claus when the little girl whispered to the boy. He squirmed, struggled, but she was too much for him. She dislodged him from his seat, dragged him to the creche and with motherly Irish piety pressed him on his knees.

Reverently she described the holy group, then would incite devotion from a more human motive. "See the cow, Denny. You mind the cow we used to see last summer at the farm when we went on the fresh air? See the goat, Denny. You mind the goat in our alley? It's his pitcher." But Denny whined and pulled and pulled to be back again to his idol.

The little girl looked up and met the eyes of the Woman Who Saw. Her sigh was that given by every woman since the beginning, for every man for whose soul she holds herself responsible.

"I'm afraid," she said, "Denny likes Santa Claus better than he likes God." —New York Evening Sun.

Healing Virtue in Christmas Coins.

In certain parts of Worcestershire and Staffordshire the idea prevails that a silver coin from the Christmas morning offertory is a sovereign remedy for any ill that human flesh is heir to. Accordingly any householder who happens to have an ailing child or other person in his house lies him to the clergyman of the parish on Christmas morning and asks as a favor a sacramental shilling, as the coin is called. The coin given in exchange has to be obtained by collecting a dozen pennies from as many different maidens and then changing the coppers for a silver shilling. For this coin the applicant receives the coveted sacramental shilling, which on being taken home is hung round the ailing one's neck and is popularly supposed to effect a rapid and complete cure of the complaint, no matter what it may be.

Provide For Christmas.

Provide for Christmas eve that it do come To feast thy neighbor good cheer to have Good bread and drink, a fire in the hall, Brown, pudding, souse and good mustard withal; Beef, mutton, pork and shred pies of the best; Fig, veal, goose, capon and turkey well dressed; Apples and nuts to throw about the hall. That boys and girls may scramble for them all Sing jolly carols, make the fiddlers play—Let scrupulous fanatics keep away, If oftentimes is seen no arrant knave That some who do counterfeits make for grave.

EDISON DIAMOND DISK PHONOGRAPHS--No Needles To Change

In this perfected musical instrument, Mr. Edison has finally solved the difficulties which have baffled others in the past. He has eliminated the harshness, the mechanical tune over the metallic sound. So marvelously life-like in its tone that closing one's eyes one can scarcely distinguish the reproductions from the original.

THE DIAMOND STYLUS REPRODUCER ELIMINATES THE BOTHERSOME PROCESS OF CHANGING NEEDLES, WHICH WEAR OUT AND DESTROY VALUABLE RECORDS. THIS FINELY POLISHED DIAMOND STYLUS SIMPLY FLOATS OVER THE ROUND GROOVES OF THE NEW EDISON RECORDS, REDUCING WEAR TO A MINIMUM. CALL AND SEE THE NEW EDISON; LEARN WHY IT IS LOOKED UPON EVERYWHERE AS THE BEGINNING OF A NEW ERA IN MUSIC. IT'S TONE WILL BE A REVELATION TO YOU AND WE WILL BE GLAD TO PLAY ANY ONE OF THE GREAT LIBRARY OF EDISON RECORDS FOR YOU WITHOUT ANY OBLIGATION.

CRAZE

FOR THE REVUE EXTENDS TO LONDON'S CONSERVATIVE PLAY HOUSES

Differs From the French Style in Simply Aiming to Amuse Tired Business Men.

(Associated Press Correspondence.) London, Nov. 20.—The craze for the revue has extended from London's variety theatres to conservative playhouses. Five of the leading West End music halls took up the revue early in the craze, leaving only three true to variety, and now a well-known home of comedy, which has brought out more successful light plays than any other in London in recent years, has announced a revue, making the fourth legitimate theatre to go over to the revue as against the seventeen producing plays and musical comedies. The revue has swept all before it in the suburban and provincial theatres.

The English revue is quite different from its French original. It lacks the wit, political satire and topical hits of the French and simply aims to amuse an audience of the tired business man type. In its general scheme, it is little more than the conventional English musical comedy robbed of its remnants of plot and made frothier than ever. Its trimmings either come from or are modeled on New York. A knockabout comedian or two, a dapper actor with a good voice for sentimental songs and a chorus of girls who appear in new costumes at every entry, so to make the current revue.

The chorus man has almost entirely disappeared, owing to the prejudice against "slackers" or men of military age who are not "doing their bit." In one of the road companies to appear here recently the male chorus was composed of small boys, dressed in the latest Piccadilly cut. But girls ordinarily take the place of chorus men.

Revue apparently fill a niche of their own in war time. Officers on a short visit from the front or the out of the hospital or away from the camp and soldiers on similar leave seem to crave mental relief of this sort. They make up by far the most of the male part of the audience. Manners are informal at the revues, and smoking is allowed, which are further attractions.

American influences predominate in English revues. American dance ragtime songs, slang and even a touch of twang in singing are not more noticeable than the striving for rapid action novelties and surprises in costume and scene that are typical of the American concoctions.

The word "some" in its American slang sense figures in many of the titles of these revues, and the past week a copyright infringement case was heard in court where the proprietors of the rights to "Somebody" sued the producer of a similar revue called "Somebody." "Somebody" was the title of a revue appearing in a district theatre at the time this case was heard.

EFFECT OF WAR ON COMMON SOLDIER BEING STUDIED

(Associated Press Correspondence.) Petrograd, Nov. 20.—The effect of the war on the common soldiers and their families in the villages has been studied and reported to the Imperial Geographic Society by L. I. Ulanoff, on the basis of letters that have passed through his hands. Mr. Ulanoff examined fourteen letters written about the same time from the Dvinsk front and an equal number of letters written from a village in the northern province of Perm. Of course there was no selection. Without exception all the village letter-writers declared the war had to be fought to a victorious conclusion, no matter what the cost to the country or to themselves.

The soldiers' writing from the front, some on the eve of battle, expressed unflinching confidence in the final outcome, whether they should live to see it or not. But what was more striking was that practically all the soldier letter-writers had observed her birthday anniversary by a feast, usually undergone in their lonely spending Saturday and Sunday with watches or in their quiet trench. Mrs. Frank Paige in Chesham, conversations, moral experiences that Mr. Ulanoff characterized as conversations. They expressed the intention it spared, to live according to the dictates of their consciences. Some spoke of vows by themselves and by companions not to fall in the future into the errors of their past, to be sober and industrious, gentle and kind.

WILLARD MEETS FULTON MCH. 3 AT NEW ORLEANS

New Orleans, Dec. 3.—Jess Willard will meet Fred Fulton of Rochester, Minn., in a 20-round bout here March 3 for the heavy-weight championship of the world, according to announcement last night by promoters of the match.

Willard signed articles here several weeks ago to meet any white fighter the promoters might name by Dec. 10. Efforts were made to arrange an elimination bout between Fulton and Frank Moran of Pittsburgh, but according to the promoters, Moran refused to meet the Minnesota pugilist and was notified that if he did not agree by Dec. 1 to do so the match would be given to Fulton. Fulton previously had signed articles to meet Willard in the event Moran refused the elimination bout.

Willard's contract calls for \$32,500, win, lose or draw. Terms arranged with Fulton were not announced.

FEDERALS WANT JENNINGS FOR NEW YORK TEAM

Chicago, Dec. 3.—Harry Sinclair, backer of the team which the Federal league proposes to put in New York said here yesterday that he would offer the management of the team to Hughie Jennings of the Detroit Americans, and had also bid for the services of Frank Baker of the Athletics. He said he believed Jennings was not bound legally to the Tigers for the coming season, and that he considered him the man to round up a winner.

If Jennings does not accept, Mr. Sinclair said, he might make an offer to Fielder Jones of the St. Louis Federals, or might retain George Stovall, who is to be transferred to New York with the rest of the Kansas City team.

WELSH WHITE BOUT FOR CHAMPIONSHIP OF LIGHTWEIGHTS

New York, Dec. 3.—Freddy Welsh of England and Charley White of Chicago, through their managers, signed an agreement here yesterday to meet in a 20-round bout within six weeks for the light-weight championship of the world.

Welsh, as the champion, and White, as the challenger, agreed to meet before the club offering the best inducements, all bids for the bout to be received not later than Thursday, December 16. The pugilists agreed to weigh in at 135 pounds. Their managers each posted \$1,000 forfeit for weight and further agreed to place an additional \$1,500 with the club.

CASUALTIES OF STREETS NUMBER 450

(ASSOCIATED PRESS TELEGRAM)
New York, Dec. 3.—To decrease the number of pedestrians killed by vehicles in the city streets, of whom there have been 450 thus far this year, Police Commissioner Woods today issued a list of "don'ts" directed to both pedestrians and drivers. Some of his suggestions to chauffeurs are:

"Don't imagine that you are a careful driver because you shout or toot your horn at a pedestrian crossing in front of you."
"Don't forget that the pedestrian also is permitted to use the roadway."

"Don't forget that children must play sometimes in the streets. Be ready to stop instantly if one runs in front of you."

"Don't fail to slow down at crossings."

"Don't race home after your days work."

"Don't fail to examine your brakes occasionally."

"Don't leave an automobile unguarded so that a child can start it."

To pedestrians, the commissioner recommended:

"Don't vacillate on the approach of a vehicle. Act normally."

"Don't forget that the proper place to cross is at the crossing."

"Don't day-dream while crossing the street; you are likely to wake up in the hospital."

MERRILY, SANTA

NEW YORK THEATRICAL REVIEW

(By Dixie Hines.)

New York, Dec. 3.—Emanuel Reicher has brought to a close the first play offered for the benefit of the subscribers to his The Modern Stage and the Americans People's Theatre. "When the Young Vine Blooms" has bloomed its last, and the announcement is made that "The Weavers," a play of unusual strength by Gerhart Hauptmann is to be done. Mr. Reicher has a brilliant company, the only fault which has been found with his present engagement being bad judgment in the selection of the play rather than the players. In the performance notably good work was done by Mr. Reicher, himself, Bertha Mann, Hedwig Reicher, Kirah Markham, Ernita Lascelles, Rupert Harvey and Katherine Herbert.

The present week sees new plays representing ever possible development of the drama. It includes a notably good revival of "Lord Dunsyre" by E. H. Sothern, a clever but somewhat confusing farce, "Sadie Love" with Marjorie Rambeau, a revival of a play done at one time under the title "The End of Eustace Ede" and now as "The Ware Case with Lou Tellegen, a dramatic version of Stevenson's sea tale, "Treasure Island," the adaptation having made Jules Eckert Goodman and an unnecessary stage abortion called "The Unborn," being a more or less noxious treatment of childbirth limitation. Fortunately the stage is filled with good attractions at present, and the public is not compelled to avail themselves of the invitation to visit these dreary and deadly dull medical treatises done in the name of humanity with one eye on the box office.

At present we have these plays from which to make out selections: "Astor"—"Hit the Trail Holiday," a breezy Cohan farce with some well-observed characterization of small town people.

Bandbox—Four short comedies, from the French, Austrian, Italian and English. All of considerable merit, well staged and played, especially by Grace Griswold.

Belasco—"The Boomerang," a pleasing new comedy, especially well acted.

Candler—"The House of Glass," interesting melodrama that has many ailments of popular appeal. Well acted by Mary Ryan and others.

Casino—"The Blue Paradise," a tuneful operetta, well done.

Comedy—"Hobson's Choice," delightful comedy of quaint types.

Four acts of wholesome fun and notably good acting by Whitford Kane, Molly Pearson, Harold de Becker, A. G. Andrews and others.

Cort—"Princess Pat," a pretty, well-staged operetta, with an excellent cast.

Eltinge—"Fair and Warmer," a very Hopwood farce with laughter enough to bring tears. Funny every minute. Madge Kennedy is delightful.

Empire—"The Chief," John Drew in a very light comedy, only mildly entertaining.

Forty-fourth Street—"Romeo and Juliet," An attempt to launch a new Shakespeare actress who is only

promising. Scenery best part of production. Some good acting by better known members of the company.

Forty-eighth Street—"The Eternal Magdalene," A symbolical appeal for charity for the fallen, told curiously, with an unexpected ending. An interesting play, with Julia Arthur starring after fifteen years retirement.

Globe—"Chin-Chin," Montgomery and Stone in a delightful extravaganza.

Harris—"Rolling Stones," A new and delightfully human comedy, well acted and entertaining.

Hippodrome—"Hip-Hip Hooray," A merry hodge-podge of spectacle, ballet, music and circus acts, emphasizing new and brilliant mass effects.

Hudson—"Under Fire," a melodrama of the war, staging the invasion of Belgium.

Longacre—"The Great Lover," Exhilarating romance of opera folk, with Leo Dittichstein an incomparable Don Juan. Especially well made play, delightfully presented.

Luxum—"Our Mrs. McChesney," An inept dramatization of the Ferber stories, with Ethel Barrymore playing an unusual role pleasing, if not very convincingly.

Lyric—"Abe and Mawruss," A continuation of "Potash and Perlmutter," quite as entertaining as the original and a better play.

New Amsterdam—"Around the Map," Big musical revue, spectacular and with pleasing score; made especially distinctive by Joseph Urban's gorgeous scenery.

Playhouse—"The Liars," A revival of Henry Arthur Jones' comedy by Grace George, and "The New York Idea," presented alternately.

Both interesting and well played. Miss George has made a notable success of her enterprise.

Republic—"Common Clay," Harvard prize play. A well acted and interesting melodrama, with Jane Cowl and John Mason in the excellent cast.

Shubert—"Alone at Last," Franz Lehar's latest and best operetta. Delightful music, well sung.

Thirty-ninth Street—"The Unchastened Woman," A compact virile native drama, presenting an intense, ultra-modern study of a female parasite, played with fascinating brilliancy by Emily Stevens.

Winter Garden—"A World of Pleasure," Girl and music show below the usual Winter Garden standard and inexcusably vulgar.

Pick Ups.

"Most actors who put up a bluff," Marguerite McNulty wittily observes, "end by falling over it themselves."

Arba Blodgett, not unknown to the dramatic world, is writing a comedy for Paul Ker, the comedian and composer, which will be presented in New York early in the season.

John Cort is arranging to send out another "all-star" company to sing and act "Princess Pat." Ferne Rogers, blonde of person and sweet of voice, is to sing the title role.

Porter Emerson Brown, a well known dramatic author, has written a vaudeville sketch which is to be

done in New York within a fortnight. Pretty and clever little Rosamond Carpenter plays an important part.

Rupert Harvey is to play Jaeger in the forthcoming production of Gerhart Hauptmann's "The Weavers," which will have its first presentation in English in New York Dec. 14.

Kirah Markham succeeded Hedwig Reicher in "When the Young Vine Blooms" in New York last week, and is now preparing to appear in "Conscience," a strong one-act play which is to be done in New York this month.

"Guilty as Charged," a melodramatic one-act, by Irvin Cobb, the humorist and late author of "Back Home," was tried in New York last week with considerable success, Helen Evilly scoring in the only feminine role.

"There is some satisfaction to us in the announcement of the fashion writers that trousers will be fuller this season," Ernest Cossart, the clever comedian admits, "especially if it applies to the pockets."

Lillian Keller remarked as she surveyed the list of applicants for positions in an agency the other day. And then she continued: "What a pity there isn't a place for everybody."

Following out the idea of "repertory system," Bertha Mann who played a leading part in the first Reicher production, will have a "Mental" part in the second. She is to share silence with three other leading members of this company.

Edith Randolph makes her first appearance with the Modern Stage company at the Garden Theatre in New York December 12 as Louise in "The Weavers." She was a member of the company last year in the special performance "Ella."

The holiday season in the Metropolitan has begun, and the players are departing for their respective "homes." Ethel Wright goes to Montreal, where she is joined by Suzanne Jackson. Some players even contemplate returning to Zanesville, where Otis Harlan comes from.

Lillian Kingsbury returned to New York last week to complete the circuit of first-class vaudeville theatres, in which she is presenting the dramatic playlet, "The Coward," which has become the most prominent dramatic act now on the local bills.

Wallis Clark leaves shortly for California to complete a big feature film which was begun more than eight months ago by the Universal. It is a picture version of Jules Verne's sea extravaganza, "Eighty Thousand Leagues Under the Seas." It will require more than a year to complete.

Florence Rockwell will try a new drama in January. It will be produced at the Burbank theatre, in Los Angeles, where she is now appearing in pictures under the direction of Liver Morosco. If the spoken drama proves successful, Mr. Morosco will bring it to New York later in the season.

Harold de Becker, playing in "Hobson's Choice," in New York, is one of the very few illustrators who are numbered among successful actors. He has completed a set of caricatures of the members of the company with which he is now engaged, which have attracted unusual attention in art circles.

Ethel Clifton and Brenda Fowler are now supplying J. K. Emmett with a new vaudeville act. Their "play factory" has turned out much excellent material during the past season. Lillian Kingsbury, Claude Gillingwater, Henry E. Dixey, Jr., and other prominent vaudeville recruits being numbered among their clients.

Bertha Mann went into a dressmaker for some new frocks. While she was there an acquaintance, a gushing acquaintance, came in. "What are you doing," she inquired, "buying new dresses?" Miss Mann continued her examination of a new line of fur. "Yes," she replied with biting sarcasm, "new dresses are what I always buy." Zowie!

New York is going to establish another playhouse where only short and unusual plays may be presented. The company is to be carefully selected from the players who have won distinction in this style of work.

Pauline Maurice, a dramatic actress, is to be associated with the company. The play, to be produced under the direction of Dixie Hines and Francis Powell.

What promises to be the most elaborate film of the season has been begun by the Veritas Film Corporation, featuring Garth Hughes, the young Welsh actor, who recently scored a phenomenal success in New York during the brilliant but brief run of "Moloch." It is to be released early in the spring, and Mr. Hughes' engagement will be broken only long enough to permit him to appear in New York with Elsie Ferguson, whose season will commence in January.

When Emanuel Reicher makes his next appearance in New York, which will be on December 14, he will be seen in "The Weavers," a remarkably virile play of the weavers of Silesia, Germany. He will play a character role which he has already done with noticeable success in Germany, where the play was for many years under the ban of the authorities. It was due largely to Mr. Reicher's efforts that this was lifted and the play received its successful premiere.

Maude Adams will follow John Drew in the Empire theatre, opening her season during the holidays. The most interesting announcement concerning her forthcoming engagement is that she will devote it to revivals of her former successes. "The Little Minister," "What Every Woman Knows" and "Peter Pan" are among the plays announced. She has many of her original companies with her, a notable exception being Dallas Anderson, who is renewing an association begun when she played "Joan of Arc" at the Harvard Stadium.

The consumption of salt in the United States amounts to almost 100 pounds per capita.

In Milady's Boudoir

Dull eyes, a puffiness under the lids, an unhealthy looking skin, all these are due to some irregularity of those organs which seem to you so unimportant so far as beauty is concerned. You can restore your good looks, if suffering from any of these symptoms, if you will practice the following exercises designed for just such needs.

Place the feet about 18 inches apart, and with the arms stretched out horizontally, holding the muscles as tense as possible, bend first to the right until you can touch the floor with your finger tips, then straighten up, and bend to the left. Exhale as you rise. Do not bend or alter the position of the arms, but only of the body. Do this a dozen times in the morning and the same number of times at night before going to bed.

The blood also comes in for its share of nature's foresight for in the summer watermelon will cool the blood almost immediately and cause it to slow up in its mad course. Cold grape fruit, oranges, or lemons will also act this way and can be used in the winter months. Grapes also are good for blood. They act as a most effective purifier and if your skin is broken out even slightly I would advise you to eat grapes with at least two of your meals daily. Buy grapes instead of candy when you have a craving for sweets.

The kidneys and bladder can get no better medicine than ripe cherries. Be sure they are ripe and it is in win. You cannot get ones that are plenty of present ones. You may not think that these organs, whose existence within yourself had so far never concerned you, but in mine out of ten inactive women, they do very decidedly.

The first Christmas

There were no mother dreams for her. These little son was born a King. Though wise men came with gifts and stars, And star led shepherds, worshipping. For a foretold the birth of him, The heathen and the bitter loss. 'T was at his birth the waiting years Within the shadow of a cross.

And when she held his little form Against her heart that Christmas morn. She knew the hallow of her arm. Would one day shield the Crucified. And thus denied the hopes of old. To which maternity has clung. The story of her life is told. And at its end a cross is hung.

O mothers, you whose lips have known The sweetness of a child's caress, Yet stand today bereft, alone, With hearts that ache with emptiness, Turn to that woman, weary-eyed, And pierced by his supreme loss, Whose hopes were shadowed by a cross.

And when the Christmas bells proclaim The advent of the Saviour's birth And far and wide his holy name Goes ringing through the listening earth. Then let new hopes ascend like yours. From you who zoned and glorified. And sorrow made him to her, The mother of the Crucified!

Misery in Back, Headache and Pain in Limbs.

Dear Mr. Editor—For more than a year I suffered with misery in the back, dull headache, pain in the limbs, was somewhat constipated and slept poorly at night until I was about ready to collapse. Seeing an account of the wonderful qualities of "Anuric," prepared by Doctor Pierce, of Buffalo, N. Y., I sent for a box, and before using the whole box I felt and still feel improved. My sleep is refreshing, misery reduced, and life is not the drag it was before. I most cheerfully recommend this remedy to sufferers from like ailments.

W. A. ROBERTS, Harris Station, Ohio.

NOTE: You've all undoubtedly heard of the famous Dr. Pierce and his well-known medicines. Well, this prescription is one that has been successfully used for many years by the physicians and specialists of Dr. Pierce's Invalids' Hotel and Surgical Institute, of Buffalo, N. Y., for kidney complaints, and diseases arising from disorders of the kidneys and bladder, such as backache, weak back, rheumatism, dropsy, congestion of the kidneys, inflammation of the bladder, scalding urine, and urinary troubles.

Up to this time, "Anuric" has not been on sale to the public, but by the persuasion of many patients and the increased demand for this wonderful healing Tablet, Dr. Pierce has finally decided to put it into the drug stores of this country within immediate reach of all sufferers.

I know of one or two leading druggists in town who have managed to procure a supply of "Anuric" for their anxious customers in and around this locality. If not obtainable send one dime by mail to Dr. Pierce for trial package or 50 cents for full treatment.

EDITOR—Please insert this letter in some conspicuous place in your paper.

Your Boys and Girls

Play is a most important factor in the mental as well as in the physical development of the child. Educators are spending time and thought on the varieties of play that furnish healthy amusement and accurate training of the mind and hands at the same time.

The request for adult help in his play is the expression of the child's longing to develop himself. Putting a toy into his hands or telling him to amuse himself is like denying a hungry child bread. There are a very large number of simple games, all of which are adapted to home use, that will enable a mother to develop in her child dexterity, quickness of thought, accurate observation, and a retentive memory.

Sublimity of Christ's Birth

We find that some celebrated the Saviour's birth by publishing what they had heard and seen,

and truly we may say of them that they had something to rehearse in men's ears well worth the telling. That something

had in it the inimitable blending which is the secret sign and royal mark of divine authorship, a peerless marrying of sublimity and simplicity, angels singing, singing to shepherds; heaven bright with glory, bright at midnight; God, a Babe, the Infinite, an Infant of a span long, the Ancient of Days, born of a woman! What more simple than the inn, the manger, a carpenter, a carpenter's wife, a child? What more sublime than the "multitude of heavenly host" waking the midnight with their joyous chorales and God himself in human flesh made manifest? A child is but an ordinary sight, but what a marvel to see that Word, which was "in the beginning with God, tabernacled among us, that we might behold his glory, the glory as of the only begotten of the father, full of grace and truth!"—Rev. Charles F. Spurgeon.

Try This If You Have Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and four ounces is all you will need. This simple remedy has never been known to fail.

Found Simple Remedy that Relieved Child

Mild Laxative Compound Corrects Stubborn Case of Constipation.

An important duty that devolves on parents is the regulation of their children's bowels. Health in later life depends in large measure on early training and a child should be taught from infancy to regular habits.

When from any cause the bowel becomes congested with stool, a mild laxative should be employed to open up the passage gently and carry off the congested mass. A most effective remedy for this purpose is the combination of simple laxative herbs known as Dr. Caldwell's Syrup Pepsin. Mrs. W. D. Bulls, of Reed, Okla., used Dr. Caldwell's Syrup Pepsin for her baby boy, Harley Buren Bulls, and says it did him more good than anything we have given him. His bowels are very stubborn about acting, but they act easily every time I give him Dr. Caldwell's Syrup Pepsin.

Dr. Caldwell's Syrup Pepsin contains no opiate or narcotic drug and is a splendid remedy for children and older people as well. It has been on the market for more than

twenty-five years and is the family standby of thousands of homes. Druggists everywhere sell it for fifty cents a bottle. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 454 North La Salle St., Monticello, Ill.

TRINITY CHURCH
DISCOURSES ARE
VERY INTERESTING

Last evening the missioner at Trinity church, the Rev. Mr. Sterrett, continued his very interesting discourses.

After answering many questions he showed in his sermon how necessary it was that those who seek to know and follow our blessed Lord should seek for his character and precepts in the Holy Scriptures and the importance of that purpose among others.

Tonight Mr. Sterrett will call attention to the witness of the church to the character and teachings of his Holy Master and founder.

No one who is in any way interested in the problem of bringing men and women in touch with a sane and broad view of Christ and Christianity should miss these meetings.

"Vaporize" Croup
or Cold Troubles

Vapor treatments for cold troubles are better than internal medicines, as the vapors carry the medication direct to the lungs and air passages without disturbing the stomach.

When Vick's "Vap-O-Rub" Salve is applied over the throat and chest, these vapors, released by the heat of the body, are inhaled with each breath. 25c. to \$1.00.

Obituary

Mrs. John Nethers.
A lingering illness of infirmities caused the death of Mrs. John Nethers, aged 82, at her home in Frazeysburg, at noon Wednesday. Mrs. Nethers had lived in and about Frazeysburg all her life, and was one of the most highly respected residents of that section. She is survived by her husband and four children: Mildred Nethers and Mrs. Frank Shaw of Frazeysburg; William Nethers of Wakatomika; and Natha. Nethers, near Nashport, and one brother, Erice Frazier, of Trinway.

The funeral was held at 10 o'clock Friday morning at the family residence, Rev. S. F. Bergen, of Frazeysburg officiating and burial was made in the Frazeysburg cemetery.

Mrs. Jos. Mourey.
Mrs. Cassilla Mourey, wife of Joseph Mourey, died Wednesday, December 1, at 12 o'clock at the home of her daughter, Mrs. Madge Berdell, two and one-half miles north-east of this city. Mrs. Mourey suffered a stroke of paralysis about twelve years ago, from which she never fully recovered. She was confined to her bed since September 3. The deceased was 70 years, 6 months and 23 days of age. She was the granddaughter of David Drake and was married to Joseph Mourey 48 years to the day and hour she died. Beside her husband she is mourned by three sons, John William, Walter L. and Joseph Wilson, two daughters, Mrs. Ella Richards and Mrs. Madge Berdell, all of near Alexandria.

Archibald Stinson.

Archibald Stinson, age 94 years, 11 months and 2 days, died Wednesday morning at 11 o'clock at his home near Highwater, after an illness of about two months of heart trouble. SNEAK THIEVES
ARE OPERATING,
SAY THE POLICE

Newark residents are warned to be on the lookout for sneak thieves who have been operating in the city, according to reports made to police headquarters. At the home of A. I. Woodward in West Church street, the thieves took a watch, a gold rope chain and a lavallere. A family by the name of Bell, in Sixth street, also reported that a sneak thief ransacked the house yesterday but nothing was missing.

JESSE CROSS DEAD.

(Associated Press Telegram)
Washington, Ch., Dec. 3.—Jesse Cross, aged 67, former member of the state board of agriculture, died here today after a long illness. He owned large tracts of farming lands near here.

A California young woman, which in that state means voter, sleeps in the back yard, and authorities have declared her tent in another county from the family mansion. They want to rule out her registration, giving rise to great indignation on her part.

STOMACH MISERY
QUICKLY VANISHES

Your money back if you want it is
the way in which T. J. Evans the
popular druggist is selling Mi-o-na,
the great dyspepsia remedy.

This is an unusual plan, but in-
variably successful in relieving all
forms of indigestion that he runs
but little risk in selling under a
guarantee of this kind.

Do not be miserable or make your
friends miserable with your dyspep-
sia. Mi-o-na will help you. If it
doesn't, tell T. J. Evans that you
want your money back and he will
cheerfully refund it.

A change for the better will be
seen from the first few doses of Mi-
o-na and its continued use will soon
start you on the road to perfect di-
gestion and enjoyment of food.

Mi-o-na has been so uniformly
successful that every box is sold un-
der a positive guarantee to refund
the money if it does not relieve.
What fairer proposition could be
made?

T. J. Evans gives you a personal
guarantee of "money back if you
want it" with every box of Mi-o-na
that he sells. A guarantee like this
speaks volumes for the merit of the
remedy.

Pig-Tail Club
ENTERTAINS AT
BUCKEYE LAKE

Frank "Kokomo" Crouch, travel-
ing representative of the Bergoff
brewery at Ft. Wayne, Ind., and
whose home is at Upper Sandusky,
O., where he has resided for a num-
ber of years among the Wyandot
Indians, was a guest of the Pig-tail
club at Buckeye Lake yesterday and
participated in the annual hunt of
the club members, followed by a ban-
quet in the evening, the same con-
sisting of rabbit, wild duck, jack-
snipe and golden plover with a plen-
tiful supply of escalloped oysters,
head lettuce, pickles, celery, young
onions and radishes. The banquet
was prepared under the superintend-
ency of William Mallish of Columbus.

During the morning hunt the dogs
got up several rabbits one of them
driving the game directly in front of
Mr. Crouch who had been given a
station, and as the bunny passed
the intrepid hunter jumped up and
down and shouted "there it goes,
there it goes." He was brought back
to earth by E. L. Duffield, the well-
known oil driller remarking: "Well,
what are you going to do with that
gun, eat it?" "Kokomo" was to ac-
knowledge that he was a little lame
on hunting as the only thing of a
like nature that he had ever indulged
in was a rat chase on his father's
farm when he was a youngster.

The members of the club and their
guests, several newspaper men of
this city and Columbus, enjoyed the
afternoon and evening at auction
pinocchio and a tag dance by Vi-
ctoria music at the rink. All had a
royal time and voted the Pig-tail club
royal entertainers.

STRENOUS TIME
EXPERIENCED BY
AMERICAN SHIP

London, Dec. 3.—A Copenhagen
dispatch to the Exchange Telegraph
company filed yesterday says:

"The American steamship Andrew
Welch has become a center of atten-
tion in Scandinavia. Her history to
date follows in brief:

"After being chased by British pa-
trol boats in the Atlantic and by
British submarines in the North Sea,
she put into Bergen in distress. Norway
granted the stranger permission to
return to England, but she started for
Haelmstad, Sweden again experi-
encing bad weather, she took refuge
outside the Skaw, finally arriving at
Haelmstad, where it was found there
was no receiver for her cargo of
beans valued at \$150,000.

"The vessel remained quiet for
some days but last night a steamer
arrived from Lubeck to convey her to
Germany. A start was made in the
night, but a Swedish torpedo boat
arrived on the scene and forced the
Andrew Welch to turn back to
Haelmstad."

**MAY CARRY THE
FIGHT TO THE
SENATE FLOOR**
(ASSOCIATED PRESS TELEGRAM)
Washington, Dec. 3.—Organiza-
tion of the senate may be delayed
and a joint session of congress Tues-
day to listen to President Wilson's
address may be prevented unless
senate Democrats by next Monday
agree on cloture. This was the pos-
sibility which confronted Democratic
senators when they resumed in cau-
sus today discussion of the proposal
to limit debate.

Democratic senators who, are op-
posing cloture hint that an agree-
ment cannot be reached in caucus
and that the fight will be carried to
the senate floor when congress con-
venes Monday. Administration lead-
ers, however, said they are confi-
dent of an agreement.

Senate Democrats faced another
fight when they met—that over the
selection of a president pro tempore.
Senator Clark of Arkansas, who is a
candidate for re-election is being op-
posed by Senator Pomerene of Ohio.

Republicans of the house at a
caucus last night completed their
minority organization for the com-
ing session.

Representative Mann, of Illinois,
by virtue of his nomination as a
candidate for speaker becomes again
minority leader.

The 140 representatives present
acted unanimously, except in one in-
stance, when Representative Cooper
of Wisconsin protested unsuccessfully
against the adoption of a resolu-
tion authorizing Mr. Mann to select
all committees.

Mr. Cooper attacked the principle

of giving any one person this power
and referred to the rules fight in the
house several years ago. Representative
Cannon or Illinois, who, as
speaker, was shorn of his powers by
that fight, was persuaded not to re-
ply by colleagues who, sought to
avoid a disagreement.

**Thin Folks Who
Want to Get Fat**
Increase in Weight Ten Pounds or
More

"I'd certainly give most anything
to be able to fat up a few pounds
and stay that way," declares every
excessively thin man or woman.
Such a result is not impossible, de-
spite past failures. Most thin peo-
ple are victims of mal-nutrition, a
condition which prevents the fatty
elements of food from being taken
up by the blood as they are, when
the powers of nutrition are normal.

Instead of getting into the blood,
much of the fat and flesh producing
elements stay in the intestines until
they pass from the body as waste.

To correct this condition and to
produce a healthy, normal, amount
of fat, the nutritive processes must
be artificially supplied with the pow-
er which nature has denied them.

This can probably best be accom-
plished by eating a Sargol tablet with
every meal. Sargol is a careful com-
bination of six splendid assimilable
agents. Taken with meals they mix
with the food to turn the sugars and
starches of what you have eaten into
rich, ripe nourishment for the tis-
sues and blood and its rapid effect
has been in many cases reported re-
markable. Reported gains of from
ten to twenty-five pounds in a single
month are by no means infrequent.

Yet its action is perfectly natural and
absolutely harmless. Sargol is sold
by Evans Drug Co., and W. A. Er-
man, 33 North Third street and other
druggists everywhere and every
package contains a guarantee of
weight increase or money back.

NOTE:—Sargol is recommended
only as a flesh builder and while ex-
cellent results in cases of nervous
indigestion, etc., have been reported,
care should be taken about using it
unless a gain of weight is desired.

**MRS. ROBINSON
FINDS THAT WORDS
ARE INADEQUATE**

Resident of Central Avenue Says of
Nerv-Worth "I Cannot Praise It
Enough."

T. J. Evans, the Warden block
druggist, who has sold over 4,000
bottles of Nerv-Worth during the
past year, received the following
testimonial from Mrs. George Rob-
inson, of 200 Central avenue, city:

"Before taking Nerv-Worth I was
very nervous. Sleep and appetite
poor. Had pains in my head. Suf-
fered with indigestion and was so
dizzy so much of my time. After
taking one bottle of Nerv-Worth
could see change. Am now on my
fifth bottle. Expect to continue its
use for a while longer. Cannot
praise it enough for the good it has
done me."

This was a stubborn case but not
too stubborn for a single bottle of
Nerv-Worth, the wonderful tonic, to
bring relief to. Observe that Mrs.
Robinson is working for a CURE
and that she expects to get it. Nerv-
Worth's complete success in a mul-
titude of such cases is evidence that
the total cure will come.

**SYMPATHY FOR
ENTENTE ALLIES**

Paris, Dec. 3.—Sympathy for the
allies was expressed in a declaration
of the new Portuguese cabinet which
appeared before parliament yester-
day, says a Havas dispatch from
Lisbon. The ministry declared it
would abstain from all party politics
and adhere strictly to a national
policy.

**NECESSARY TO
SHUT OFF WATER
AT GRANVILLE**

Trouble Was Caused By Cave In of
Sewer Ditch and Town Supply of
Water Hampered by the
Trouble.

(Special to Advocate.)
Granville, Ohio, December 3.—A
cave in of the sewer ditch in Pearl
street, between Broadway and Col-
lege street last evening broke the
water pipe and caused a good deal of
unpleasantness, the worst of which
was the shutting off of the water
supply of three blocks, between Main
and Granger streets. It also stirred
the sediment and muddled the water
of the town supply. No injury has
been done and the break will soon be
mended. In the meantime patience
is the watchword.

Mrs. George Walker who has been
visiting her parents, Dr. and Mrs. C.
L. Williams since Thanksgiving, left
this morning for her home in Cincin-
nati.

Mrs. Alma Tight and her brother,
Mr. D. E. W. Jones, have returned
from an extensive western trip.
Mr. and Mrs. Herbert Griffith hav-
ing moved from the Price farm in the
Welsh hills, expect to spend the win-
ter in Granville.

Mr. and Mrs. F. L. Ferguson are
expecting the arrival of their daugh-
ter, Mrs. David Beveridge and little
son, of Petoskey, Mich., today or to-
morrow for a visit of several weeks.
Rev. C. E. Stanton and Rev. T. F.
Chambers who have been in St. Louis
attending the meeting of state sec-
retaries, are expected home this eve-
ning.

Mr. and Mrs. O. H. Burris of
Washington, D. C., are expected in
Granville soon, where they will spend
the holidays at the home of their
parents, Mr. and Mrs. C. B. Slack.

Mrs. Cora Van Dorn, for many
years employed at the J. J. Carroll
store in Newark, has accepted a fine
position in the Children's Home in
Marysville. She will be accompanied
by her sister-in-law, Mrs. William
Swabb.

Mrs. Lillie Prouty and her sister,
Mrs. J. P. Moore, have been visiting
relatives in Guernsey county.
Mrs. J. W. Ackley and son Jerry,
have returned from a visit with re-
latives in Defiance.

Mrs. Mary Thorne is seriously ill
at her home in West Broadway. Her
two daughters, Mrs. Paul Jones and
Miss Virginia Thorne are at her bed-
side.

The many Granville friends of Mrs.
Ruby Jones McNair are interested to
learn of her recent marriage in New
York to Mr. George Russell, presi-
dent of the Alliance Rubber com-
pany, with headquarters in that city.
Mrs. Russell was born and brought
up in Granville, where she was al-
ways popular among the young peo-
ple and she carries the good wishes
of all to her new home.

**AUSTRIAN FLAG
FLOATING OVER
MONASTIR TODAY**

(ASSOCIATED PRESS TELEGRAM)
London, Dec. 3.—Occupation of
Monastir by an Austro-German force
at 3 o'clock yesterday afternoon is
reported by Reuter's correspondent
at Saloniki.

The correspondent, who says his
information was received in a tele-
gram from Florina, Greece, says that
the only flag hoisted when the city
was occupied was the Austrian.
The Bulgarians did not enter Monastir,
remaining at Kenali, south of the
city. It is reported, however, that
they will march into Monastir today.

Jeff Laird was hurried to the City
Hospital at an early hour this morn-
ing in a serious condition. The
Bradley ambulance was called to his
home at 4 o'clock and took the man
to the institution.

Physicians the world over recom-
mend the inside bath, claiming that
it is of vastly more importance than
outside cleanliness, because the
skin pores do not absorb impurities
into the blood, causing ill-health,
while the pores in the ten yards of
bowels do.

Men and women are urged to drink
each morning, before breakfast a
glass of hot water with a teaspoon-
ful of limestone phosphate in it, as a
harmless means of helping to wash
from the stomach, liver, kidneys and
bowels the previous day's indiges-
tible material, poisons, sour bile and
toxins; thus cleansing, sweetening
and purifying the entire alimentary
canal before putting more food into
the stomach.

Just as soap and hot water cleanse
and freshen the skin, so hot water
and limestone phosphate act on the
eliminating organs.

Those who wake up with bad
breath, coated tongue, nasty taste or
have a dull, aching head, sallow com-
plexion, acid stomach; others who
are subject to bilious attacks or con-
stipation, should obtain a quarter
pound of limestone phosphate at the
drug store. This will cost very lit-
tle but is sufficient to demonstrate
the value of inside bathing. Those
who continue it each morning are as-
sured of pronounced results, both in
regard to health and appearance.

The carcass of a horse yields 450
pounds of meat.

STREET PARADE

To Precede the Presentation of the Eagles Minstrel Show Next Monday and Tuesday.

The Eagles minstrel show to be given at the Auditorium theater Monday and Tuesday, December 6 and 7 will attract large audiences judging from the advance sale up until noon today.

Rehearsals still continue and all members of the cast seem to have the right spirit and are handling their parts well.

Headed by the Buckeye band the minstrel boys will parade through the principal streets Monday morning at 11:30 o'clock. The scenery used throughout the entire performance is of the highest standard, being made especially for Sank Bros. & Berrian, who are putting on the show.

The garden of loveliness is the name chosen for the grand first part in which a large number of local performers will take part. The olio consists of four high class vaudeville acts, including the Heisey sextette—Messrs. Schley, Gruber, Reinbeau, Linden, Kestler and Mullin, in harmonious offerings.

The Ingraham Bros. in singing and dancing.

"Pop" Sank, the well known comedian in a conglomeration of nonsensical nonsense. And as a special feature, the three musical Snapps, the only imported act to appear in the show. These three boys come very highly recommended and the music loving public is assured a rare treat in the way of comedy harmony. Several very clever comedians have been discovered and will be used on the ends. Among them are I. H. Covey, E. T. Jones, E. E. Linden, Ralph Lipscomb, Joe Bohann, G. D. Winters, Billy Reinbeau and Steve Berrian. Mr. Louis Reybeck will act as interactor for the above comedians, while Mr. Oscar Stanton, well known to all local theater goers, will handle Messrs. Enoch Somers and Win Griffith of Jonesville.

These three gentlemen are added to the grand first part as an extra attraction.

Big crowds and everybody praising the show, is the slogan being used by the Eagles.

AUTO RIDING

And other outdoor recreations are highly beneficial but you should protect the face and hands with frequent applications of Sheoran's Cream of Quince Seed. This delightful toilet aid will keep the complexion smooth and clear and the hands white and soft. Price 25c. Evans Drug Store.

MUCH ACTIVITY RESULTS FROM AN ADVANCE IN OILS

(ASSOCIATED PRESS TELEGRAM)

Pittsburgh, Dec. 2.—Crude oils were again advanced today ten cents a barrel being added to the principal grades which made the new prices as follows: Pennsylvania crude \$2.10; Caledonia, \$1.65; Mercer black, Newcastle, Corning, \$1.60; Somerset was advanced 8 cents to \$1.50, but there was no change in Ragland from 70 cents. The latest previous advance of ten cents made several weeks ago failed to bring out the crude oil which the refiners need, and the opinion was expressed today that another rise would be necessary to start the movement. Producers are now predicting \$2.50 for the early spring and the purchasing agencies while not conceding that point, are inclined to believe further advances must be made before the several million barrels known to be in storage are marketed.

Meantime the advance is causing marked activity among drillers in western Pennsylvania, West Virginia and Ohio fields, the open weather of the past few months permitting extensive operations although there have been no important discoveries.

AN INCREASE IN ALL OIL GRADES.

(ASSOCIATED PRESS TELEGRAM)

Lima, O., Dec. 2.—An increase of five cents in the cheaper grades and ten cents in the expensive grades of crude oils was reached at the Buckeye Pipeline company offices here today, equaling the new prices on the local grades as follows: North Lima, \$1.23; South Lima, \$1.28; Indiana, \$1.13; Wooster, \$1.45; Illinois, \$1.42; Princeton, \$1.42; Plymouth, \$1.13.

WHY NOT HAVE CURLY, WAVY HAIR?

While abroad last year, a nation much envied for her youthful looks, generously confided to me several little beauty secrets which I prize highly. One of the best of these is that straight hair can be made wavy and curly over night by merely applying a little liquid shimmer. Some peculiar attribute of this harmless fluid causes the hair to dry in the most exquisite curls and waves, having all the appearance of true naturalness.

My friends who have tried this are simply delighted. I find that pure liquid shimmer can be procured from any druggist here, and a few owners will keep the hair in curl for several weeks. There's nothing rummy, greasy or messy about it; on the contrary, it is quite pleasant to use. I'm sure if you will try this tonight—apply with a clean tooth brush—a look in your mirror tomorrow morning will give you a most agreeable surprise.—Audita Amber's "Beauty Talks."
